

## Forth Edition of the Deloitte Private “Best Managed Companies” Award OPOCRIN S.p.A. is one of the 79 award-winning companies

For the first time, **OPOCRIN S.p.A.** is among the winners of the fifth edition of the “**Best Managed Companies**” Award, an initiative promoted by **Deloitte Private** to support and reward Italian business excellence. Seven criteria were evaluated: “Strategy”, “Skill and Innovation”, “Commitment and Corporate Culture”, “Governance and Performance”, “Sustainability”, “Supply Chain” and “Internationalisation”. The Award Ceremony took place on Oct. 4th, 2022 at Palazzo Mezzanotte, headquarters of the Italian Stock Exchange - Euronext.

“Congratulations to **OPOCRIN S.p.A.** for this important honor, say **Ernesto Lanzillo**, Deloitte Partner and Deloitte Private Leader, and **Andrea Restelli**, Deloitte Partner and BMC Manager for Italy. “This edition, like that of 2021, took place in a difficult context, marked not only by the continuing effects of the pandemic, but also from the eruption of a war that has had severe repercussions on companies: from interruptions in supply chain to expensive raw materials, from the energy to the food crisis, with inflation rates reaching records levels. In this challenging context, the awarded companies have shown adaptability, they innovated and continued to be flag of excellence; they demonstrated the strenght and great potential of “Made in Italy” entrepreneurship”.

“This recognition – moreover recently attributed - helps to develop in us the awareness that we are on the right path” says Federico Saetti, Chief Executive Officer and Vice-President of Opocrin Group.
